

A full-page background image showing two men standing in a lush green field under a bright sky. One man, wearing a plaid shirt, is gesturing with his hand while talking to another man who is wearing a cap and a dark shirt. A large white semi-circle with a green outline is positioned behind the text.

WE'VE GOT YOU COVERED

Tama  Products Catalogue 2023

OUR STORY

Back in 1950, we first planted small seeds with big dreams. As the years went by, we nurtured them with love and care on our small farm... Now they have grown and yield cutting-edge, premium products, top quality service and an uncompromising supply chain that brings Farm Grown Solutions to each and every one of our customers around the world, so that we can continue to grow together.

At Tama, we've got you covered – from protecting your crops to ensuring reliable and consistent baling – giving you one less thing to worry about.

Leveraging over 70 years of agricultural and manufacturing expertise and experience, Tama is more than just a provider of high-quality crop baling products.

As farmers, we understand your concerns and offer Tama+ our range of world-leading, edge to edge netwrap and twine solutions. When the time comes to focus on baling, we accompany you throughout the process – from selecting the right product, through facilitating non-stop, trouble-free baling, to maximizing performance.

By choosing Tama, you enjoy not only leading products and solutions, but also peace of mind, enabling you to focus on what you do best – being a professional farmer.

TESTIMONIALS FROM THE FIELD

“TamaTwine+ is not only very strong, but also less thick, which leads to the creation of good knots in the baler. The product works great, and handles more loads than other twines I've tried.”

**Jeppe Bang Jensen,
Morten Bang Jensen Farm, Denmark**

“After trying many brands over the past 20 years, I found Tama's netwrap to be the market's most consistent product and the best solution for both baler and farmer. TamaNet+ raises the bar even higher, by delivering unrivalled consistency and reliability.”

**Michael Dunning, Thomastown,
Ballydangan, Co. Westmeath, Ireland**

TOGETHER WE GROW FOR CHANGE

Our commitment to the environment

Founded by farmers, Tama maintains an unbreakable bond with the land. As the global Crop Baling Solutions leader, it's our responsibility to lead an industry-wide revolution to a more sustainable and effective use of materials, for the sake of our environment, ensuring that future generations inherit this bond.

OUR VISION

Tama aims to be the world's most efficient crop baling producer

BY 2025

COLLECT

The following quantities of used crop baling products:

50%
NETWRAP

50%
TWINE

90%
COTTON

RECYCLE

The plastics in Tama products to a minimum of:

10%
NETWRAP

30%
TWINE

20%
COTTON

REDUCE

The use of virgin plastics in our products by:

3%
NETWRAP

20%
TWINE

10%
COTTON

OUR COMMITMENT FOR CHANGE

REDUCE

Tama Netwrap and Twine reduce the amount of plastic used per bale

TamaNet+

Save 218 kg of plastic compared to standard netwrap.

* When making 5,000 bales with a diameter of 1.70 m and 3 wraps of the bale.

TamaNet+ Royal

Only 2.5 wraps per large size bale (1.80m) significantly reduces our environmental impact: 45% less plastic per bale.

TamaTwine+

Save 570 kg of plastic and 57 shrink packages with 10,000 bales*

* Same crop, same size, TamaTwine uses up to 25% less plastic

* The comparison is between Tama LSB Power 140m/kg and Standard twine 130 with 115m/kg

* When baling 10,000 bales this saving amounts to approximately 57 less shrink packages and twine pack strappings

REPLACE

Investing in innovative technologies that will enable alternative plastic-free solutions for the crop baling industry.

COLLECT

Together we aim to maximize the recycling of Agri-plastics after they have been used in the field. Tama Group is proud to support a multitude of collection schemes around the world, which collect and recycle plastic from the field:

RECYCLE

We are increasing the Re-use of recycled raw materials coming from 3 sources:

1. All waste materials from all Tama production sites.
2. Recycled raw materials made from products which are NOT used for crop baling
3. Recycled raw materials made from recycled crop baling products.

Join us in our efforts to strive for change!

TamaCycle

A FIRST-OF-ITS-KIND ECOLOGICAL SOLUTION FOR CROP BALING PRODUCTS

Tama Cycle Twine

Tama's heavy twine has long set a quality benchmark of adjusting the right twine to the right baler and conditions, and now it's time for another incredible breakthrough.

Tama Cycle enjoys all the benefits and qualities of type 130 twine, with another major environmental benefit:

Twine manufacture includes significant percentages of Post-Consumer Recycled material!

Product info

Brand name	Pack length	Pack weight	Spools/pack	Colour	Packs/pallet
Tama Cycle Twine	2650 m	20 kg	2	Black	56

Tama Cycle Netwrap

This high performance netwrap is the latest step in our eco-baling revolution. By replacing virgin resources with recycled and reprocessed materials, Tama offers a first of its kind ecological solution for crop baling products.

After revolutionizing the baling industry by producing premium netwrap with much longer rolls and using less plastic per bale compared to other brands in the market, Tama is now taking a further step in its environmental revolution.

Recycled to the core!

All Tama Cycle Netwrap offers a high percentage of recycled materials:

Brand name	Roll length	Roll width	Roll diameter	Rolls per pallet
Agripac Cycle	2000 m	123 cm	20 cm	36
Agripac Cycle	3000 m	123 cm	25.5 cm	28
Agripac Cycle	3600 m	123 cm	27.5 cm	28
Tama Cycle Netwrap	3000 m	123 cm	25.5 cm	28
Tama Cycle Netwrap	3600 m	123 cm	27 cm	28
Tamanet+ ETE Cycle	3800 m	123 cm	27.5 cm	28

High density cereal crops and heavy-duty baling have always required at least 4-5 wraps, or even more... until now.

Introducing: TamaNet+ Royal® . 70 Years of innovative farming solutions brought to life with a first of its kind baling experience - Only 2.5* wraps per bale!

* Based on field trials which were carried on high-density crops that are usually baled with 4-5 wraps per bale.

26%
SAVED

ULTRA COST EFFECTIVE!

Up to 26% saved on your costs per bale + enjoy over 50 bales more compared to the standard 3600 m netwrap.

40%
LESS

FASTER THAN EVER!

Up to 40% less downtime - with an incredible, record-breaking 7.5 seconds of wrapping time per bale..

45%
LESS

LESS PLASTIC!

Up to 45% less plastic per bale - That's 1000 m less plastic for every 100 bales!

HEAVY DUTY BALING!

- Tailor-made for high density cereal crops.
- Designed to withstand the highest pressure.
- Crafted to enhance your performance.

ROYAL PERFORMANCE

TamaNet+ Royal® carries Tama's ultimate guarantee for reliable and consistent baling with all baler types, under any conditions.

Product info

Name	Roll Length	Roll Width	Roll Diameter	Roll/Pal
TamaNet+ Royal®	3500 m	123 cm	29 cm	28

TamaNet+

WE'VE GOT YOU COVERED

With TamaNet+ you get the security that you need and the peace of mind you deserve.

Once the baling season begins, you need to be sure that your netwrap stays strong, right from the day you wrap the bale, until the day it is used.

Founded and managed by farmers, Tama understands your need for robust netwrap and offers TamaNet+.

RELIABILITY

- The only Net 'Patented' Original EDGE TO EDGE.
- Compatible with all round balers.
- Trialled and approved by all leading baler manufacturers.
- Our products' strength, length and all other measurements are annually checked and approved by DLG.

CONSISTENCY

- Perfect bales every time.
- Effective coverage under all weather conditions.
- Suitable for all crops.

OUR LEADING TECHNOLOGY WORKS FOR YOU

GUARANTEED MINIMUM LENGTH

Every roll contains the guaranteed stated length, not a "plus-or-minus" average.

LIGHTER NETS

Easier to carry and handle.

LONGER ROLLS

More bales per roll, less roll changes and greater efficiency.

ENVIRONMENTALLY OPTIMIZED FORMULA

Each bale is wrapped with less plastic material to reduce the environmental impact.

SUPERIOR GRIP IN ALL CONDITIONS

Ultimate connection between layers and strong tail security.

MESH LOCK TECHNOLOGY

Eliminates the risk of net laddering.

Product info

Name	Roll Length	Roll Width	Roll Diameter	Roll/Pal
TamaNet+	4500 m	123 cm	29 cm	28
TamaNet+	3800 m	123 cm	27.5 cm	28
TamaNet+	2800 m	123 cm	24 cm	36

TamaTwine+

DESIGNED FOR YOUR NEEDS

Maximize your baling performance

We understand your need for reliable and consistent baling. That's why TamaTwine+ for Large Square Bales features extra pack length so you can enjoy:

Higher output, Better efficiency, Less waste.

GUARANTEED MINIMUM LENGTH

SPOOL IDENTIFICATION (TRACEABILITY)

LESS PLASTIC PER BALE

SPECIAL UV LIGHT INHIBITORS

UNRIVALLED KNOT PERFORMANCE

HD Prime • Pack length 2,200m
HD Prime XL • Spool length 1,350m
Prime performance in extreme conditions
Tama's strongest twine, HD Prime ensures reliable and consistent performance under the most challenging conditions.

HD Extra • Pack length 2,600m
HD Extra XL • Spool length 1,450m
Extra length for extra density
A high-density solution designed for difficult crops – such as Barley straw– under harsh conditions, HD Extra is a cost-efficient twine with the same performance as Type 110 twine.

LSB Power • Pack length 2,800m
LSB Power XL • Spool length 1,650m
Powerful and versatile for a perfect fit
Designed for all baler densities, LSB Power offers the same resistance and performance as Type 130 twine.

LSB Long • Pack length 3,000m
Standard-density solution that goes a long way
A cost-efficient solution for lower density forage baling, LSB Long is similar to Type 150 twine.

LSB Max • Pack length 3,200m
Maximum twine for your money
Offering more meters per spool than any other big baler twine, LSB Max is designed for lower density bales such as hay for livestock.

Product info

Name	Spools/Pack	Length	Weight	Max Height	Max Diameter	Packs/Pallet
HD Prime	2	2200 m	20.4 kg	340 mm	295 mm	40
HD Prime XL	1	1350 m	12.5 kg	385 mm	295 mm	80
HD Extra	2	2600 m	22 kg	350 mm	295 mm	40
HD Extra XL	1	1450 m	12 kg	385 mm	295 mm	80
LSB Power	2	2800 m	20 kg	315 mm	305 mm	56
LSB Power XL	1	1650 m	11.8 kg	370 mm	300 mm	80
LSB Long	2	3000 m	19.5 kg	310 mm	290 mm	56
LSB Max	2	3200 m	19 kg	310 mm	290 mm	56

After revolutionizing the market with the ultimate crop baling solutions, Tama is happy to bring you also the ultimate crop storage solution.

Grain bags made by the No. 1 producer in the world – IpesaSilo.

IpesaSilo provides a formulation designed to bear the extra stress that grain submits on the film.

This global collaboration enables you to enjoy a top-quality product, ensuring consistency, complete reliability and high performance for non-stop and trouble-free harvesting, supported by a trustworthy supply chain, professional knowledge and top-quality service and support.

So, if you're a farmer, grain elevator, or trader, with Tama and IpesaSilo you get all the benefits:

RELIABILITY

- Superior strength, better tear resistance, and extreme durability.
- Optimum preservation.
- Protection for 18 months in Grain Bags & 24 months in Grain Reinforced Bags.
- A more efficient global supply chain.

FLEXIBILITY

- Unlimited storage.
- Store it anywhere.
- Simplified logistics.
- No need for urgent transportation.
- Enables freight rationalization.
- Enables a new and better trading position.

EFFICIENCY

- Total segregation and traceability of the stored grain.
- Suitable for all weather conditions.
- Easy to handle.
- Easy to recycle.
- Make your high cost, existing facilities more efficient and profitable.

Technical Specifications

Grain Bags	
Size	bags per pallet
IpesaSilo Grain 1,53 m x 60 m	24
IpesaSilo Grain 1,83 m x 60 m	20
IpesaSilo Grain 2,74 m x 60 m	10
IpesaSilo Grain 2,74 m x 75 m	8
IpesaSilo Grain 2,74 m x 100 m	6

Grain Reinforced Bags	
Size	bags per pallet
IpesaSilo Grain Reinforced 2,74 m x 60 m	10
IpesaSilo Grain Reinforced 2,74 m x 75 m	8
IpesaSilo Grain Reinforced 2,74 m x 100 m	6
IpesaSilo Grain Reinforced 3,05 m x 75 m	7
IpesaSilo Grain Reinforced 3,05 m x 100 m	5
IpesaSilo Grain Reinforced 3,05 m x 120 m	4

Grain Intermediate Bags	
Size	bags per pallet
IpesaSilo Grain Intermediate 2,74 m x 60 m	10
IpesaSilo Grain Intermediate 2,74 m x 75 m	8
IpesaSilo Grain Intermediate 2,74 m x 100 m	6

SUPPORTING YOUR SUCCESS

As farmers, we understand your need for assistance.

Every farmer needs support at one time or another to achieve the best results. Since our founding 70 years ago, Tama has accumulated extensive know-how and experience and we're happy to share those assets with you to help improve your baling performance and your business.

Our dedicated, online support service - Tama Assist, is available to farmers throughout the year - anytime, anywhere. So if you need an answer to a technical question about baling, a tip for taking care of your baler, or advice on using one of our solutions, Tama Assist is here to help you.

Tama Assist - We support you, your products, and your business.
